Sustainable is Possible: Creating Low Carbon, High Quality, Lives...Together 600.01
September 8, from 6:30 p.m. – 8:30 p.m.  in the Chico Center Student Lounge (CHC 146)
Presenter: Ma’ikwe Ludwig, Director of Dancing Rabbit EcoVillage
Hosted by the Sustainability Resource Center
This presentation is inviting you to explore how we can achieve the goal of living on 10% of the resources of the average American while living a high quality life. This number is critical because it matches current estimates from the scientific community for the goals we need to achieve to live sustainably and head off the worst effects of climate disruption. Dancing Rabbit Ecovillage is achieving that goal, and thus is a timely, relevant and needed model as our society struggles to figure out what a livable, low-carbon future might look like. Q and A will follow the talk.

Butte College Wildlife Refuge Hikes 600.02-05 (we will be repeating certain hikes)
September 1 –November 18 from 12:30 p.m. – 1:30 p.m. Meet at the SRC prior to departure
Guide: Geoff Hall

Poetry Slam Workshop 600.06
October 8, from 6 p.m. – 8:30 p.m. in the Chico Center Student Lounge (CHC 146)
Presenter: Taz
Hosted by the Culture & Community Center
A poetry slam is a competition at which poets read or recite original work. These performances are then judged on a numeric scale by previously selected members of the audience. We will start off this event with an hour long workshop facilitated by local poet, Taz. Participants will learn about slamming and how to compose their own style of poetry. After, the workshop attendees are encouraged to stay for the live slam and are also encouraged to compete and read their poetry out loud.

**Connectivity Workshop: Food, Economy, and Relationships 600.07**
*October 6 from 11 a.m. – 12:30 p.m. in the Culture & Community Center*
Facilitated by: Santy Gray and Katrina Djberof
Hosted by the Culture & Community Center and Sustainability Resource Center
Join the Sustainability Resource Center and the Culture and Community Center as we discuss how culture and sustainability intertwine. The Connectivity Workshop: Food, Economy and Relationships will address how our conceptualization of food, economy, environment, community and culture all intersect. A deeper understanding of how these themes affect our purchasing power, food choices, access to resources and much more will create a knowledge based community. The goal is to learn, share and create action through education.
