Petitions

File before Registration

Repeat
First time repeats of substandard grades do not require a petition unless a grade has not been posted. Repeating a class for the second time or more, or repeating a course where a grade of A, B, C was issued requires a petition from Counseling that MUST be taken to Admissions & Records. Repeats begin April 11, for Continuing Students. Returning and new student repeats begin May 26 for Summer, and August 16 for Fall. See counseling for questions or call (530) 895-2378.

Special Permission
To request permission to take a class above your current Reading, English, or Math placement levels, see Assessment or Counseling for information about the Special Permission process, or call (530) 895-2350. You will not be able to register without a petition on file with Assessment.

Re-Admission
To request readmission to the college if you have been dismissed, see the Counseling Office for a Re-Admission Petition, or call (530) 895-2378.

File after classes start
Conflicting Enrollment
To request permission to take two courses with overlapping times, see Admissions & Records for a Conflicting Enrollment Petition. This must be filled out by the missing class instructor and show specifically how you will be making up time each week.

Pass/No Pass grading option
To take a course to receive credit without a grade or impact to your grade point average, fill out a Pass/No Pass Petition at A&R. Pass/No Pass deadline, must be filed within 30% of the class.

Audit
To attend a course without receiving a grade or credit, you must declare this at the time of enrollment with an Audit form submitted to A&R. Audits are nonrefundable and require both instructor and dean/director signature. Audit deadline, must be filed within 30% of the class. We currently do not allow Audits on Pass/No Pass classes.

Excess Unit
An excess unit petition must be approved by Counseling to enroll in more than: 21 units Fall/Spring, and 10 units Summer. Bring petition copy to Admissions to enroll.

Special Studies/Problems
To take an independent study course, see the Instructional Department to get a Special Studies/Problems Petition.

Add/Drop Deadlines

After school starts
Adds for open classes can be done by WebReg, 24/7, or TeleReg, 11-1, the first week of Summer or first two weeks of Fall. TeleReg 895-5060. Closed Classes are indicated with a red AC (Add Card needed) or by 0 Availability in Search for classes.

Adds for Closed Classes require an instructor signed add card. Your best chance to add a closed class is to be waitlisted and go to the first day of class. See Waitlist Information on page 4 before Waitlisting.

Drops for Refund must be done by June 14 for Summer, or September 1 (online through September 4), for Fall. Immediate class refund date is 10%. (1 or 2 days at most).

Drops to not appear on your transcript must be done by June 20, for Summer, or September 15, for Fall. (25% for an Irregular class.)

Withdrawals can be easily done by WebReg (Open 24/7) until June 30, 6-wk/July 7, 8-w for Summer, and October 13 for Fall. (50% for an Irregular class.)

Withdrawals after 50% (June 30 for Summer, October 13 for Fall) requires the instructor’s signature on the back of a drop card authorizing a drop for serious and compelling reasons. See Catalog for more details.

Irregular and Open Entry/Open Exit classes have special Add, Drop and Refund deadlines. See your course syllabus or area administrator for exact dates.

Late Adds require dean/director signature if you started attending past the add period. Late adds can affect financial aid so check your schedule carefully. Students will not be allowed to attend class until they are officially enrolled. SUBMIT LATE ADDS PROMPTLY.

K-12 Students MUST have concurrent enrollment forms on file by May 6 for Summer and Aug. 4 for Fall.

Waitlist! How do Waitlists work?

Under Search for Classes and in Registration, each class shows class Availability/Capacity/Waitlisted Students. If a class fills (0 Availability) then students can no longer Register for a class but they can choose to waitlist for it. If a slot becomes available and they are next on the waitlist then the student will be automatically enrolled and a confirmation email will be sent to your Butte College email account. Check email weekly if waitlisted since if enrolled you will only have 7 days to pay or will be dropped.

Don’t lose the class you really want. After school starts, instructors will use the waitlist to determine who will get the next slot if space becomes available. Students must attend the class to be eligible and get an add card signed by the instructor. Waitlist maximum for most classes is set to 15. Note: Waitlisted courses DO NOT count as units toward financial aid unless they are officially added by census date.

Who is eligible to Waitlist? ● Any student wanting a particular class that is closed. ● Students not already waitlisted in another section of the class.
● Students who have no time conflicts and meet all prerequisites of the class. ● Students without any holds or outstanding balances on their account.
● Students must frequently check their Butte College email from MYBC or forward it to an email that they read. Look in MYBC under the Technical Support tab on how to forward.

Important Use “Manage my Waitlist” in WebAdvisor to remove yourself from unwanted classes. If you Waitlist for a class there is a good possibility you may get enrolled automatically (this means fees and possibly a grade). You can also use this option to see your waitlist ranking as well. Because you can be dropped from 1 or more of your classes if you don’t pay, make sure to drop an enrolled or waitlisted class that you don’t need. Don’t risk your other classes.

iv - Butte College 2011 Winter/Spring Class Schedule
Tips on planning your class schedule

Before registering, plan your class schedule using search for classes with the worksheet below. Keep the following considerations in mind as you plan your schedule.

- If there is only one section of a course you want to take being offered, schedule that course first and plan the rest of your schedule around the single offering.
- Make sure the beginning and the ending times of your classes do not overlap. The computer will disallow overlapping class times. You will be unable to register for these classes. A special "Conflicting Enrollment" petition is required and it must be filed after classes begin. See page iii.
- Some Classes are variable unit. Labs require 51 hours per unit (25.5 for .5 unit) and you must select this prior to registering, or call TeleReg to adjust or drop and reregister.
- Be aware that for every hour of lecture for which you are enrolled you will probably be expected to put in two hours outside of class. Since it takes a minimum of 60 units to graduate, a normal load would be 15 units/term for two years or 12 units/term for two-and-a-half years.
- Where a prerequisite is listed (shown with course descriptions in the college Catalog), be sure you have met that prerequisite. (A prerequisite is a requirement that must be satisfied before enrolling in a particular course. See more prerequisite information on page ix.)
- Watch for dates indicating courses that do not meet for the full semester, begin later in the semester, are offered through televised instruction, or offered at different locations.

Call counseling for assistance at (530) 895-2378.

Fee Waivers

There are several ways to reduce your college fees. Go to Financial Aid at www.butte.edu/financialaid or look for scholarships at our foundation site at www.buttefoundation.org.

BOGFW

The Board of Governors Fee Waiver (BOGFW) is open to all qualifying students. Most students qualify due to their low income level. In addition, students who qualify for Financial Aid, General or Public Assistance, SSI or who are dependents of disabled veterans should qualify for the BOGFW. You must be a California resident to receive a BOGFW. The best way to determine your eligibility for the BOGFW is to complete the Free Application for Federal Student Aid (FAFSA).

If you qualify for the BOGFW, your per-unit enrollment fees are waived but you will be responsible for all other fees including the Health fee, Transportation fee, Student Activity fee, Rep fee, Technology fee and any materials fees which apply. Most BOGFW students pay approximately $110 full-time/$95 part-time.

Attending certain other schools

High school students and College Connection students pay the Health fee, (fall, spring, and summer), TeleReg fee, Technology fee, and any other materials fees a class may have. Butte College students may not park on CSU Chico campus while taking Butte College classes.

Getting your fees paid by an outside agency

You will not be reimbursed if you pay your own fees. If you have already obtained scholarships, special grants, or are having your fees paid by someone else outside agency (aka “Patron”), you will need to submit your agency authorization to Business Services within 7 days of registering to allow Business Services to exempt you from being dropped.

TeleReg participants

After registering submit your agency authorization letter to the Business Office before the payment due date. If your letter has already been submitted, please contact the Business Office after you register to verify fees are being covered.

Refunds

Refunds will be approved if drops are completed prior to the refund date of June 14, for Summer, and September 1, for Fall. Refund request forms can be submitted to the Registration desk at any of our Center offices. Refunds will be processed within 45 days of the refund drop date. Regulations permit districts to retain a maximum $10 from enrollment fees as a refund processing fee. For more information, contact the Business Office at (530) 895-2421.

Irregular and Short term classes

Any class which starts outside of the primary start week or spans an irregular period of time is considered an irregular class. Irregular classes all have different drop, withdraw and refund dates. See your instructor or departmental administrator for exact dates.

Class cancellations

Upon submission of a Student Refund Request Form marked "Class Cancelled," a refund of pertinent fees will be granted to the student.

Financial Aid Students

If you receive any funds for this term and you fail to complete all of your classes, you may not be entitled to a refund. Funds may be returned to the Department of Education Student Financial Aid Programs.

Disciplinary/Academic disenrollment

Refunds in the cases of course disenrollment for disciplinary/academic reasons, unauthorized course repetitions or other emergencies will be subject to review. A refund request should be submitted with any appropriate verification for quick approval.

Credit on your account

You can now use credits on your account for up to a year to enroll in new classes and avoid being charged the $10 refund processing fee.

Swap policy (after the refund period)

If you drop/withdraw from a class before the withdraw date, a cash refund may not be available. However, you may swap equal units within the same semester (must be done in the same transaction).

7-Days to Pay Fee Policy

Students will have 7 days from the time of registration to pay fees or they will be dropped from one or more classes. To avoid being dropped take one of the following steps:

1) Pay fees in full.

2) Students who can show proof of sufficient eligibility for financial assistance will be exempt. Complete a FAFSA (must be eligible for BOGFW and Pell Grant) or provide proof of other financial assistance (scholarship, GI Bill, patron agreement, etc.) to the Butte College Business Office.

3) Create a fee payment plan online. Students are responsible for making payment arrangements or providing verification of exemption status. Those who do not pay fees or make arrangements to pay fees may be dropped from one or more classes. Once you have registered you can view payment or exemption status in MyBC to check if confirmed, or at risk of being dropped. For complete information, see www.butte.edu/7days.

Calculate your fees

Summer and Fall fees can be found on the web at www.butte.edu/services/admissions/fees.html.

Pre-enrollment Questions?
Contact the Assessment Office at (530) 895-2311.

Prerequisites, corequisites and recommended prep

Most courses offered through Butte College have some type of prerequisite or recommended preparation. These are used to establish a student’s readiness for the content to be covered within a course. Prerequisites and recommended preparation include previously completed coursework or achievement of a specified skill level established from an assessment test.

Prerequisites

Types of prerequisites at Butte College:
- Courses that require a previously completed course as the prerequisite (e.g., French I for French II). These are indicated with an asterisk (*) symbol. The college Catalog and the Counseling Office ((530) 895-2378) can provide more information on this type of prerequisite.
- Reading, English, math and ESL courses require either satisfactory completion (grades of “C” or better) of the prerequisite course or qualifying eligibility established from an assessment test. These courses are indicated with a (^) symbol. For prerequisite courses or test scores from other colleges, contact the Assessment Office for an evaluation; allow three days for the evaluation to be completed.
- A number of science classes (e.g., Biology 15) have prerequisites that are enforced at the time of registration. Contact the Assessment Office at (530) 895-2350 or go to our website at www.butte.edu/assessment for more information about how to meet these prerequisites.

Recommended preparation

- Most courses have specified basic skill placement levels as “recommended preparation.” These levels are listed in the college Catalog with the course descriptions and are shown as Recommended prep.
- The placement levels for most courses are: Reading IV and English III. Some courses have higher or lower levels and certain courses have math levels as recommended preparation.
- Levels are established by performance on the Basic Skills Assessment or completion of college reading, English, and/or math courses. Recommended preparation is advisory.

Corequisites

Some courses require a “corequisite,” that is, concurrent enrollment in an additional specified course or courses. This means all of the courses need to be taken during the same term.

Challenge to prerequisites and corequisites

Students may challenge a prerequisite or corequisite for a course. The student will bear the initial burden of showing that grounds exist for the challenge. The challenge should be directed to the department which offers the course. Student challenges to their course eligibilities in reading, English, math and ESL classes, that have been established through assessment testing, may also be pursued through the Counseling Office. The following is a list of the grounds under which a challenge may be pursued.

1. The student has the knowledge or ability to succeed in the course despite not meeting the prerequisite (documentation required).
2. The student will be subject to undue delay in attaining the goal of his or her educational plan because the prerequisite or corequisite course has not been made reasonably available (Ed Plan must be on file).
3. The prerequisite or corequisite is not valid because it is not necessary for success in the course for which it is required (documentation required).
4. The prerequisite or corequisite is unlawfully discriminatory or is being applied in an unlawfully discriminatory manner (documentation required).

Student Right-To-Know

Student completion and transfer rates
In compliance with the Student Right-to-Know and Campus Security Act of 1990 (Public Law 101-542), it is the policy of the Butte-Glenn Community College District and Butte College to make available to all current or prospective students the completion and transfer rates of certificate-, degree, or transfer-seeking first-time, full-time students entering the college, beginning in Fall, 2007 and annually thereafter. Based upon the cohort defined above, 25 percent attained a certificate, degree, or became “transfer-prepared” during a three-year period (Fall, 2007 to Spring, 2010). Based upon the cohort defined above, 14 percent transferred to another postsecondary institution (CSU, UC, or another California Community College) prior to attaining a degree, certificate, or becoming “transfer-prepared” during a five semester period (Spring, 2008 to Spring, 2010). These rates do not represent the success rates of the entire student population at Butte College, nor do they account for student outcomes occurring after this three-year tracking period.

Release of directory information
Effective Fall 1999, students who do not want Directory information released must inform the Office of Admissions and Records in writing, on the appropriate form within 10 days after a term begins. This must be executed for each term that the information is to be withheld. For more on Directory information, see the current Catalog.

Grounds: The Main Campus grounds are open 5:30 a.m. to 11 p.m. instructional days, and 5:30 a.m. to 6 p.m. weekends and non-instructional days, and gates will be closed on district holidays.
Buildings: Main access areas (hallways, lobbies, etc.) are opened by College Police during the week. These main access doors are locked on weekends and holidays.
Classrooms and Offices: It is the responsibility of each staff/faculty member to lock and unlock their classrooms, offices, and other work stations. Staff should turn off lights and close windows when securing an area. College Police will check many areas on campus during off hours, but the primary responsibility for security lies with the user. College Police will unlock doors for special classes or other events as requested in the facility use form processed through the Facilities Planning & Management office. If a staff member needs access to an area for which they do not have a key, they may call College Police at ext. 2351 or 2677 (COPS). Staff using campus facilities during off hours are encouraged to contact College Police for safety purposes.

Off-campus facilities
Butte College maintains four off-campus centers. Three are located in the city of Chico, and the other is in the city of Orland. These four facilities are small, and the buildings are shared with other businesses. General law enforcement is provided by the local police departments. Any criminal activity or any other emergencies occurring in or around these centers should be reported to the local police and center staff. For more information, call the Chico Center at (530) 895-1352, or the Glenn County Center at (530) 865-9728.

Requesting and receiving accommodations under ADA
The Butte-Glenn Community College District shall not discriminate against a qualified individual with a disability because of the disability with regard to employment or with regard to the provision of District programs, services, and activities. A person who is otherwise qualified may request accommodation related to their disability. The procedures for requesting accommodation are maintained in the Vice President of Students/ADA Coordinator Office, located in the lower level of the Campus Center, and in the Disabled Student Programs and Services (DSPS) Office, located on the second floor of the SAS building. The ADA coordinator for Butte College is Allen Renville, Vice President of Student Services, who can be reached at (530) 895-2239. DSPS can be reached at (530) 895-2455.

Safety on campus
The Butte-Glenn Community College District considers the safety and well-being of its students, faculty, staff, and visitors a top priority. With the support of many departments, the college is dedicated to keeping this campus safe and secure. Of course, no college can be totally risk-free in today’s society. Students, faculty, staff, and visitors must work together to create an atmosphere that is safe and conducive to learning. This statement is in compliance with the “Jeanne Clery Disclosure Act”; 20 U.S.C. Section 1092.

Butte College Police Department
College Police officers are sworn peace officers and shall comply with section 13522 of the California Penal Code relative to recruitment and training. College Police have peace officer authority pursuant to California Penal Code Section 830.32A and Educational Code 72330. They are required to receive the same basic training as municipal police or deputy sheriffs as mandated by the State of California. College Police officers authority extends to anywhere in the state for the purpose of performing their primary duty or when making an arrest pursuant to section 836 P.C. for any public offense which poses immediate danger to person or property.

College Police on duty
College Police has a police officer on duty from 7 a.m. to 11 p.m. Between 11 p.m. and 7 a.m. trained security personnel are on duty. Individuals can report any criminal activity or any other emergency at any time. Each incident is investigated by a College Police officer. Our follow-up activities strive to identify and prosecute criminals, and recover stolen property.
Student Right-To-Know

Crime prevention
College Police patrols the campus 24 hours a day, 7 days a week to provide assistance to the campus community and deter criminal acts. It is Butte College’s intent to inform students and staff of any criminal activity or security problems which may pose a reasonable threat to their physical safety. Such information will normally be distributed through staff newsletters, in-house memos, and bulletin. College Police officers also patrol the campus with physical plant safety and security in mind. As a regular part of their patrol duties, they look for safety problems such as defective lighting, inoperative doors or locks, broken sidewalks, steps and hand railings, poorly lit areas, and any other problems which might cause concern. All problems observed are forwarded to Facilities Planning & Management in the form of a written work order, or directly discussed with the Director of Facilities Planning and Management.

Outside agencies and Butte College
The Butte College Police Department has written agreements with local law enforcement agencies and, as the need arises, requests assistance from outside agencies for incidents that require special resources. The department’s ability to function as an independent law enforcement agency enables it to provide a sensitive, measured approach to all situations requiring police assistance while still maintaining the autonomy of the college. College Police also has assistants who help with vehicle assist calls and provide college police officers with extra “eyes and ears” on campus.
