Dear Student:

It appears that you may qualify for the AB540 Non-resident tuition waiver.

The requirements for the AB540 are on the tuition waiver. If you believe that you meet these requirements you may complete the attached form. You will need to attach a copy of your high school transcripts showing your graduation, or equivalency date, and three years of attendance at a California high school. If you attended multiple high schools, you may need to submit high school transcripts from all the high schools you attended. These transcripts do not have to be official. Once you have completed the form and attached your high school transcripts, submit the form to:

Being approved for the AB540 non-resident tuition does not changed your non-resident status. It allows you to have the non-resident portion of your tuition waived until you meet the requirements for California residency.

If you have any question about residency please contact me.
